

## School Curricula

The curriculum at Chalidana Islamic School endeavors to empower every student to achieve success in their learning through the development of lifelong learning skills, aiming to attain the **CIS Keys for student success: Confident Muslims, Innovative Citizens, and Smart Leaders**. With national, international, and Islamic values integrated throughout the curriculum, students are encouraged to value diversity and contribute both locally and globally.

- **National Curriculum:** Our national curriculum aligns with the newest version based on The National Standard of Education by the Ministry of Education and Culture.
- **International Curriculum:** The adoption of an international curriculum reflects our commitment to achieving excellence in education. We are dedicated to using the Cambridge International Curriculum. In the primary level, we focus on the main subjects of Cambridge: English, Mathematics, and Science.
- **Islamic Curriculum:** Our school autonomously creates and develops the Islamic studies curriculum, incorporating the Umi method for Qur'an learning as one of its componen.
